Our methodology

Comprehensively covers the key aspects of language acquisition:

- Listening
- Speaking
- Reading
- Writing

Beyond language proficiency, we also carefully consider different learning styles, as well as the emotional, social, and engagement needs of our modern young learners to provide the most impactful learning experience.

Our programs

One size never fits all. We believe that every young learner is unique. That's why we have a diverse range of globally accredited syllabi to suit every need.

Pre-School Program

3-6 years old 25 mins

Specifically designed for the unique needs of children ages 3 to 6. This program gets the YCT and China Ministry of Education's authorized syllabuses, like 《识字、写字教学基本字表》, to spark their interest and love for the Chinese language.

International Program

6-15 years old 55 mins

Align with globally-recognized Chinese education syllabus 《快乐汉语》 and suitable for overseas primary and middle school students who study Chinese as a second language. The main teaching goal is to improve students' listening and speaking skills and basic understanding of Chinese culture.

Discovery Program

6-15 years old 55 mins

Align with globally-recognized Chinese education syllabus 部编版《语文》 and suitable for overseas Chinese learners. The main goals are to improve accuracy and coherence of students' oral Chinese expression, establish Chinese thinking logic, and increase their understanding and interest in Chinese and traditional Chinese culture.

Advanced Program

5-15 years old 25/55 mins

Align with China's Ministry of Education syllabus and adapted for Chinese learners. The goals are to improve learners' comprehensive ability of listening, speaking, reading, and writing in Chinese, focusing on language application skills and literary training.

Our teachers are a class apart

With graduates from the top 100 language universities from around the globe, our team of over 3,000 teachers has the depth of expertise and diversity of experience to bring Chinese learning to life for every young learner.

Passionate, professional, and proactive – our teachers and in-house curriculum specialists are here to inspire and bring learning to life for your child. We also take great care in pairing our young learners with teachers who best suit their individual needs and learning profiles.

How the learning journey at LingoAce begins

1. Assessment and planning

After signing up for your trial class, our Course Consultant will get in touch to learn about your child's Chinese proficiency, goals and your expectations as a parent.

A personalized learning plan will be developed just for you, along with our advice on the most suitable program and teacher.

2. Attend the trial class

Your trial class will be booked based on your chosen date. Guidance on how to set up your computer will be provided before the class starts.

3. Personalized report after the trial class

After the trial class, our teacher and Course Consultant will share a personalized report and provide insights into your child's strengths and opportunities for improvement.

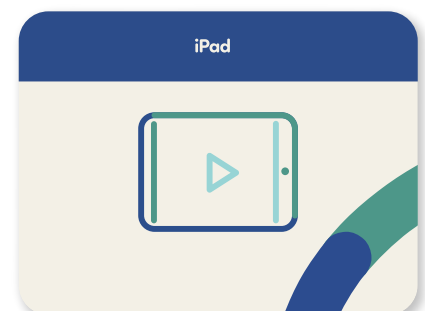

4. Take flight with LingoAce

If you choose to continue with LingoAce, you'll be assigned a dedicated crew made up of your Course Consultant, teacher, Learning Advisor and tech support to support your learning journey. This includes scheduling classes, sharing timetables, providing progress reports as well as any other help you need.

Learning is seamless for both learners and parents at LingoAce

Our LingoAce platform is compatible with any of the following equipment setups. In addition, our Course Consultant will be there to assist you in setting up before your trial class starts.

To schedule your classes, simply reach out to your Learning Advisor or book it yourself directly through our platform in a few easy steps.

For each student, LingoAce assigns a Course Consultant, a Learning Advisor, a teacher and an IT support crew. This exclusive four-to-one LingoAce service helps to ensure you and your child's learning needs will be well taken-care of.
